WARNING

1

Read Instructions carefully.
Check no parts are missing.

2

Lay out all of the components on a soft surface
as if you were preparing to do a jigsaw puzzle.

Carefully identify each component, especially
those that are similar. The most common mistake
is getting things back to front.

hardware pack and rest each one in its proper
location before fastening.

5

DO NOT fully tighten screws
(loose). When the item is fully assembled
tighten the screws - but do not over tighten.
